C-bar is a collection of seats, legs, and tabletops with a large variety of possible combinations. Every seat and tabletop fits perfectly with every leg - the design is yours to make. The chairs and tables are a welcome addition to any dining area, living room, or any other room in your home where classy design and comfort fit in. The chairs and tables have a sturdy construction and there is a look for every taste. C-bar is developed by Tenzo in collaboration with Swedish designers.

Tenzo always strives to give our customers high-quality furniture. Tests for strength and stability according to EN-12520 and EN-1022 have been made for C-bar dining chairs.
