Details

The dots instead of handles are nicely shaped into the mdf fronts and create a clean overall look. Solid oak legs in combination with oak veneer tops form an attractive frame that highlights the design of the furniture even more.

Made in Sweden

The technical knowledge and sense of design from Tenzo pursued the development, from idea to production. The creation process of Dot is genuine and precise. Tenzo has high-quality standards and the furniture is always inspected before it is shipped.

Push to open

The doors and drawers are equipped with push openers. No handles needed, just give the door a gentle push to open it.
